ORDERING and SHIPPING INFORMATION

All of our bearded iris are sold bareroot. We will take orders from February 1 through June 30, and then dig the orders in early July. You can elect to come back and pick up your order, or we can ship it to you. Most customers come back to pick up their orders in July so that they can see the daylily fields in bloom.

Iris orders can be placed in any of the following ways:

1. Most of our customers come and walk through our field during bloom season in May, pick out the varieties they like, and place their orders here.
2. We are now offering online ordering. **Not all of our varieties are available online due to limited quantities. You may check availability by contacting us by phone or email.**
3. We also take orders by phone or fax.

We ship US Postal Service Priority Mail only; shipping only on Mondays and Tuesdays allowing plants to arrive before the weekend. Shipping costs are \$10 for the first 5 plants and .50 for each additional plant.

Substitutions: We will make substitutions only with your permission. Please indicate your desire in the appropriate place on the order form. If no substitutions are indicated, refunds will be promptly issued for any irises not available at the time of shipping. Please list acceptable substitutions on your order form.

IRIS GUARANTEE

We guarantee our irises to be true to name and in good health and condition when delivered. We will replace any irises that do not survive the first winter.
